Student Profile

What has changed?

- You can now choose what is shown on the Overview tab of a Student Profile to customise the view for your own needs.

The screenshot shows a web application interface for a student profile. The main page is titled "Senior School Admissions Year 2..." and "Knowledge Base". The student profile is for "ZZChildTest ZZTestLN #U-4210". The "Overview" tab is selected, showing a "Student Info (External)" section with fields like Student Code, Application Reference Number, and First Name. A "Registration payment" section shows "Not Skipped" status. A "Notes" section is also visible.

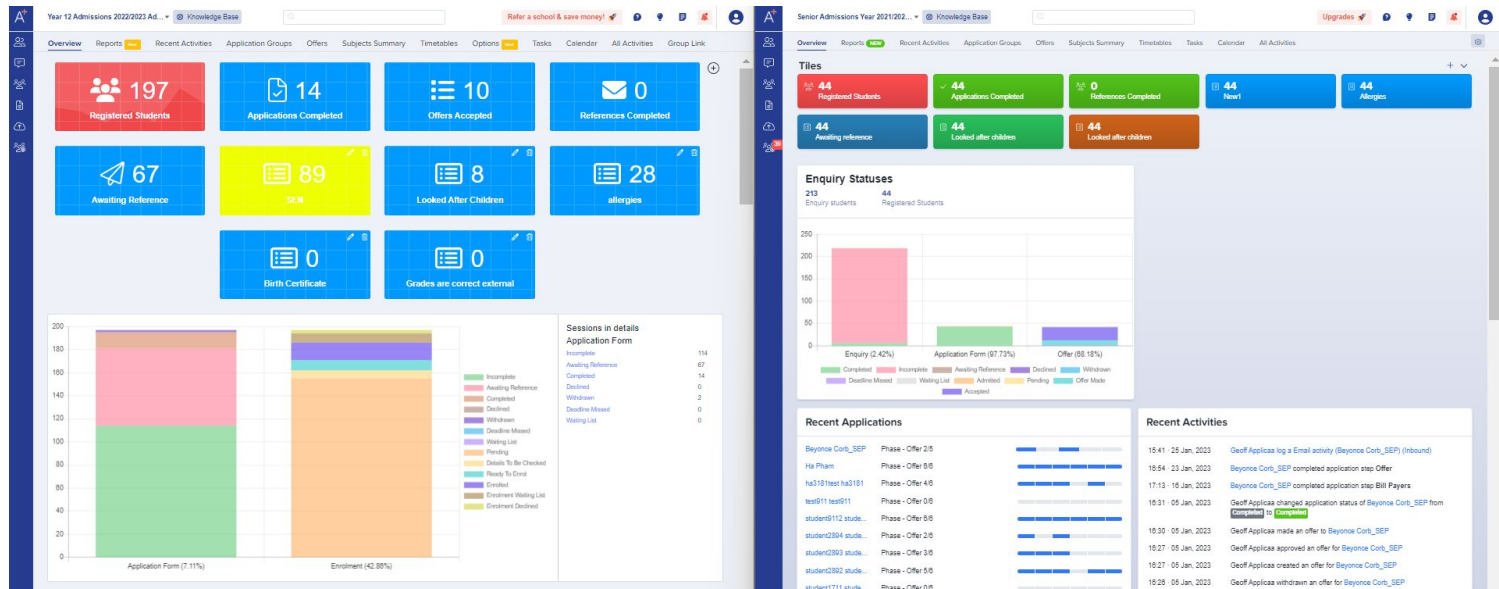

The "Customise overview widgets" dialog box is open, allowing the user to choose which widgets to display on the Overview tab. The dialog has a "Widgets" column and a "Layout" column. The "Layout" column contains a "Phase Summary" widget and a list of other widgets: "Student Basic Details", "Student Groups", "Skip Payment Status", "Student Documents", and "Student Notes". Each widget in the "Layout" column has a close button (X). A "Close" button is located at the bottom right of the dialog box.

Dashboard

What has changed?

- Look and feel - formatting of tables, background, more compact tables and charts
- Menus - improved to remove redundant options
- Customisable and more compact Dashboard (Overview page)
- Options to add charts from your Reports page
- Customisable Widgets (tables and charts etc) for improved positioning

- See all phases on one table: Admissions, Offers, Enrolments
- Customise the size of your tables, so you can position two tables side by side, for example

The screenshot displays two side-by-side views of a software interface. The left view shows a table for 'Registered Students' with columns for 'Green Abbey School' and 'External'. The right view shows a 'Form statuses' table with columns for 'OC' and 'External'.

Registered Students (Left View)

Admission Status	Green Abbey School	External

- Customise the information you see on your Dashboard Overview - add and remove widgets of your choosing
- Drag and drop the widgets into the order you'd like them to be displayed
- Add Charts from your Reports area to your main Dashboard Overview screen

The screenshot shows a dashboard interface for 'Senior Admissions Year 2021/2022'. The dashboard includes a navigation menu on the left with options like 'Overview', 'Reports', and 'Recent Activities'. The main content area features several widgets: 'Registered Students' (44), 'Awaiting reference' (44), and 'Enquiry Statuses' (213 Enquiry students, 44 Registered Students). A modal window titled 'Customise overview widgets' is open, allowing users to select and arrange widgets. The modal contains a 'Widgets' section with 'Subject Summary' and 'Reports (Charts)'. The 'Layout' section shows a grid of available widgets: 'Phase Status Chart', 'Recent Applications', 'Form Statuses', 'Offer List', 'Application Groups', and 'Phase Tracking' in the first column; and 'Application Form Dashboard', 'Recent Activities' in the second column. A 'Close' button is located at the bottom right of the modal.

Application Form Offer

- Compact application tile displays all information without the need to scroll
- Start New Application now appears prominently at the top

- New Messages area enables searching for messages, either for a particular applicant or for all
- “Reply in email” feature coming soon to allow straightforward communication back and forth from one area

The screenshot displays a user interface for a communications system. On the left is a vertical navigation sidebar with icons for Home, Messages, Documents, and Calendar. The main area is titled 'Communications' and features a search bar at the top. Below the search bar, there are tabs for 'All' (with a count of 1) and 'Beyonce' (with a count of 0). A list of messages is shown, with the selected message being an email from 'GDST test' dated 'January 23 • 04:54pm'. The email content reads: 'Password updated successful' followed by 'Your password has been changed'. To the right of the message list, a detailed view of the selected email is shown, including the sender's profile picture and name, the subject 'Password updated successful', and the body text 'Your password has been changed'. At the bottom right, there are buttons for 'Make as read' and 'Reply in email'.

- Users (parents or students) can upload profile images via the “click to upload” function
- Update their passwords via the Passwords and Security tab
- Multi-Factor Authentication is coming soon
- Schools can also complete these actions on behalf of the user via the “impersonate” function on any profile
